

**Recreation Committee Minutes**  
**March 25, 2015**

Meeting started 7pm on March 25, 2015

In attendance: Jeff Phillips, chairman. Francis Murphy, Mike Chefalo & Steve Etta.

- 1) Read, approved and sent up requests for use of parks to VBOT for final approval.
- 2) Briefly discussed remaining 2 seats and possible 3rd. Will look at it after election and meeting with new Mayor.
- 3) Approved the contract with TruGreen with one condition. We would like them to change application for fall to accommodate our aeration and re-seeding.
- 4) Talk of budget, decided to keep the same. Any projects working on such as pavilion roof should be pulled from elsewhere.
- 5) Made a decision to allow village clerk to use a monthly planner instead of calendar. This has worked better for her in the past and is easier. They have enough to do in office.
- 6) Talked of signage at Mayor's park. We need to find out our limitations if any. Our major concern is parking for Fjord trail should not be allowed. Parking is intended for ball field and events.
- 7) Jeff spoke with contractor about plan to aerate and over seed in fall. Outcome was that it is a good idea.
- 8) Plan to speak with new mayor to set up a meeting with Haldane in order to look at mayor's field maintenance.
- 9) Fjord trail discussion continues. Still NO schedule for project. Project can't be started while baseball is in season. Must meet with new mayor to find a way to be 'kept informed'
- 10) In fall of 2014, Matt Beachek had basketball court resealed. Plans for new donated hoops, equipment and possible stripping tabled until Matt can inform us of any plans he has made. He has dealt directly with Knights of Columbus who have donated equipment.

Meeting adjourned 815pm
